Lions' Share for Kids

A bittersweet story of community aid was revealed here last week after the Spring Valley Lions club had given an education television receiver to students at Fairhaven school in San Diego.

Fairhaven is a school on 32nd st. for mentally retarded children. An education teevee is one which has the several education channels on it. Spring Valley Lions club president A. E. "Art" Dutton, and the club's second vice president William J. Biggs, Sr., learned about the plight of the kids through the school's teacher Edward Hogan.

Education teevee means much to students of the school. It is much more meaningful to them than recreation teevee at home. Funds for repair of the broken set were not available in the present budget, so the presentation of the set had a decided utiliarian purpose, too.

On Monday, Lions Dutton and Biggs delivered the new set to Mr. Hogan, who was not feeling well.

On Tuesday, Mr. Hogan was transported to Grossmont Hospital for brain surgery.

At deadline, surgery had not been started because of complications and it is not known whether or not the estimable Mr. Hogan will be able to return to his work. But he is cheered that his little charges will continue to learn, as he wished it, by way of the educational teevee provided by members of the Spring Valley Lions club.

Big BrotherWants to Watch

Some politicians are just beginning to get what millions of Americans have been getting for years.

Pols got uptight a few weeks ago when it was announced that the Army had been snooping on some of them.

The FBI has been criticized for years by pols for snooping but none has explained how J. Edgar Hoover and his minions can unearth crime unless he snoops to find it.

Probably the Army's snooping has some merit to it, too.

Why should pols react so violently when the common-herd businessman is subjected to snooping that has absolutely no bearing on his role as taxpaying citizen.

For example: Shirley Kallek, chief, General Economic Statistics Division of the U.S. Department of Commerce Bureau of Census, Washington, D.C. recently ordered all self-employed businessmen to give a"race and descent" report on themselves.

Said Shirley, assuming the Big Brother role "In completing this (Survey of Business Ownership form) be sure to include both the race AND descent of each owner, partner, shareholder, or self-employed person. For example, if the owner is of French descent, mark (X) in the 'White' column under race, and enter 'French' in the 'Other' column under origin."

The letter, called to our attention by an area accountant, warns that all full-time and part-time self-employed people are covered and activities included in those categories include physicians, lawyers, cosmetologists, and truck drivers.

An attached form which requires respondent to his his color is given such choices as "White, Negro or black, American Indian, Oriental, and other-specify".

If the Nixon Administration wants some advice on cutting expenses, we can give it a good place to start.

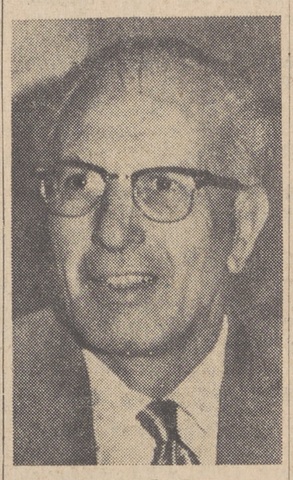
Local Man Among Seven Receiving Laurels Awards

Seven persons were honored last Tuesday night at the Elks Club in El Cajon for their contributions to education and educational services in the Grossmont area.

Leonard Klee, of 8043 Daryl st., Lemon Grove, and a member of the Lemon Grove School District Board of Trustees, was one of the seven who were recipients of Laurels Awards, annual certificates given by the Laurels Awards organization, which is sponsored by teachers' associations in all of the districts in the Grossmont area.

In order to qualify for a Laurels Award, a candidate must not be employed by a school, but must contribute to education locally.

Joining the Lemon Grove resident were Mrs. Eugene Hill, of El Cajon, Mrs. Donald Jameison, of Lakeside, Mrs. Mike Minton, of La Mesa, Mrs. Paul Shipps, of El Cajon, Mrs. Thomas Smith, of El Cajon, and Mrs. Richard Teague, of La Mesa.



Leonard Klee

Klee was cited for his work with several PTA organizations since 1958, his many years with the Lemon Grove Junior High Music Parents Club and the Mount Miguel High School Music Parents Club, his work with the local bobby sox league, and his work with youth groups at the Lemon Grove Methodist Church.

Klee was the only man honored at the Laurel Awards Banquet.

Guests at the banquet were entertained by the Men's Ensemble and the Girls' Ensemble of Grossmont High School. Each group performed several numbers and a few numbers were done by the combined group.

Miss Peggy Franklin Selected As New Miss Spring Valley

A 19-year old La Mesa blonde beauty was selected as Miss Spring Valley last week at a contest at Monte Vista High school.

The winner, Peggy Franklin, daughter of Dr. and Mrs. Charles T. Franklin, of 10610 Snyder rd., La Mesa, succeeds Jane Isley, also an attractive blonde.

Runners up Carrie Lynn Barrett and Brenda Bomboy are Monte Vista High school students. Miss Franklin is a freshman at Grossmont Junior College.

More than 150 persons saw fourteen local contestants in swimsuits and evening gowns and observed their poise as they responded to questions during an interview.

The contest was sponsored the Spring Valley Lions club of which Donald Tarr is president. Tarr recalled that community the event was about to be dropped when sponsorship lagged. The Rotary club took it over six years ago and it has been the principal income producing event for the club.

Greg Barker and Jim Smith were co-chairmen of the production. Background and intermission music was supplied by "The Dakotas." Judges were Gene Conover, Rosary Graham and Max Goodwin.

Miss Franklin will be one of 26 finalists in the 1971 26th annual Fairest of the Fair pageant June 10 at the Scottish Rite Masonic Center in Mission Valley.

Winner of the pageant will receive $2,500 in prizes, $500 in cash and reign over the 82nd Southern California Exposition June 24-July 5 at Del Mar.

'Scenic Highway' To Be Dedicated Monday

A two and two-tenths mile strip on both sides of State Highway 125 near here will be officially designated "scenic highway" at a civic ceremony Monday.

The strip is that portion generally separating Spring Valley and La Mesa and runs northeast from the Campo-Spring street turnoff, just east of Lemon Grove, to a point where the road joins State 80 at the Severin overpass.

The ceremony starts Monday at 2:30 at the La Mesa City Administration building and moves to the dedication site on Alpine ave. on the north side of State 125 in La Mesa.

Taking part will be Robert Helland, Mayor of La Mesa and George F. Bailey, one of the city's councilmen.

Henry Boney and Harry Scheidle, County Supervisors, Jacob Dekema, District Engineer, California Division, and Carla Anderson, "Miss La Mesa," will all participate in unvailing the "poppy sign".

Shortly, other poppy signs will be erected along the strip to indicate that no billboards will be permitted and those already existing will be removed. There will also be architectural and zoning restraints to insure that the area remains scenic for future generations.

Community Wide Meeting Called By Planning Assn.

A community wide-meeting of the Lemon Grove Planning Association is scheduled for 7 p.m. Tuesday at the Lemon Grove Junior High school auditorium.

At least three items of high interest will be discussed at the meeting.

The Special Use Permit problem will be up again. Residents in the New Jersey/San Miguel area have asked the County Supervisors for appeal on the Planning Commission's approval of ten duplexes on a 3.1 acre lot.

The Broadway improvement, creeping closer to the start, will be discussed by members of the County Engineers. The State Division of Highways will have representatives at the meeting to discuss freeway plans in the area.

The meeting is open to the public and anyone who attends may become a member of the L.G. Planning Association. The same is true of the Executive Committee which is held on alternate Thursdays each month.

Two Injured In Las Vegas Auto Accident

LAS VEGAS, Nev. — Two Lemon Grove men were injured last Friday while they were enroute to an off-road race when their car veered out of control on a remote road 10 miles northwest of here.

Roy J. Bryant, 54, of 7715 Mt. Vernon, Lemon Grove, was admitted to Southern Nevada Memorial Hospital with multiple head injuries, and Herb Hommel, 32, of 8125 Broadway, Lemon Grove, was treated for bruises.

Bryant, the owner of the car which was entered in the race, operates Studio Tile and Marble, Inc., a La Mesa firm. Hommel was to drive the car in the race.

The two were on their way to the $100,000 Mint 400 off-road race, which was held Monday, when the accident occurred about half a mile from the start of the race.

'Hell's Angel' To Get Psychiatric Studies

SAN DIEGO (CNA) — Psychiatric studies were ordered by Superior Court for a Spring Valley young man, over whose head two sheriff's deputies broke their clubs before they could subdue him when he attacked them.

James Lee McCord, 22, of an unknown address on Parkbrook rd., described as redbearded and uttering "gutteral sounds" when he was arrested by deputies on Nov. 18, appeared Thursday before Judge Francis E. Gallagher for sentencing. He had been found guilty on Feb. 26 of assault with a deadly weapon.

The probation report declared that sheriff's deputies enroute to a disturbance involving a motorcycle rider near El Cajon came upon McCord running "erratically" down the road.

Deputies saw a knife in McCord's belt, the report continues, and at pistol's point ordered him to put his hands away from his weapon. When he did, the deputy put his weapon away, and McCord knocked him down.

The suspect cut a deputy on the hand and was finally subdued after deputies broke their clubs over his head and hit him with the stock of a shotgun.

When his handcuffs were removed in county hospital where he had been taken for examination, McCord knocked the sheriff's department judo expert across the emergency room. Only by applying a "sleeper" hold, which renders a victim unconscious, were deputies able to control McCord.

The alarm to deputies was given by a woman whose car McCord stopped. She said the suspect reached into her car and tried to beat up her two teen-age sons.

McCord told a probation officer he had been drugged by motorcycle members with whom he was riding in an auto.

The sheriff's deputies reported McCord when arrested was wearing the garb of the Hell's Angels, a notorious motorcycle group, but the probation report said he did not belong to any motorcycle club.

Judge Gallagher ordered that McCord be sent to the

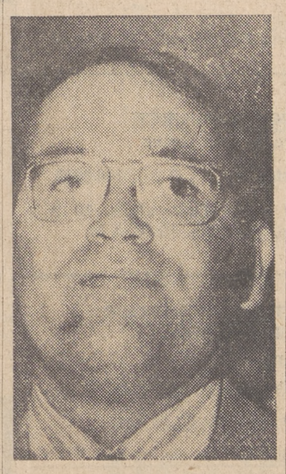
Administrative Assistant Named For Lemon Grove School District

Trustees of the Lemon Grove School District met Monday night and approved the employment of James Justeson as Project Coordinator and Administrative Assistant, and approved the filing of an ammended letter to the San Diego City Planning Department regarding the Angelus Heights subdivision.



Justeson

Justeson, who is currently working on his Doctorate at United States International University, has worked in elementary administration since 1963, and has been in the field of education as a teacher and administrator since 1958.

He was hand at the meeting to meet the board. and will start with the district next year.

The board heard reports on subdivision activity and agreed to file an ammended letter with the City Planning Department. At the March 8 meeting, it was agreed that the developers of the Planned Residential Development in the Angelus Heights area had complied with recomendations made by the board.

The board had filed a letter with the Planning Department earlier when a preliminary plan was judged to be unacceptable to the district's needs. After the planners submitted a revised plan, the need for an ammended letter was evident.

The revised letter states that the developers have complied with reccomendations, but that due to feelings of local residents regarding the developments, the district feels there may be some difficulty passing a bond issue to finance a school to house the increase in students from the area.

The board also discussed planned residential development at Blossom ln., and Washingtonn st., where plans have been rejected for 96 and 64 units at two previous hearings.

It was brought out that developers have asked for another hearing April 9 for the approval of 36 lots for duplex or single unit dwellings. According to district superintendent Byron Netzley, it is expected that the developments will be approved.

Netzley also pointed out to the board that there are indications that a development could be on its way along Sweetwater rd. near Blossom ln.

In other action ,the board ap-

Residents Ask Sups To Rescind Permit

Fifteen property owners near the south end of New Jersey street in Lemon Grove, have asked the Board of Supervisors for a hearing on the Planning Commissions approval for a Special Use Permit by Starflight Homes to build ten duplexes.

The appeal hearing has been set for April 28 at 2 p.m. in the Supervisors' Chambers.

The Planning Commission approved the proposal on Feb. 19 although a large and vocative group attended the hearing.

At the time the protestors said the entire community would deteriote if duplexes were allowed in an area developed in one family buildings.

Charles A. Hyman, of 7519 Davidson dr., said he expected a large turn-out to urge the Supervisors to rescind the action taken by the Commission.

The location on the proposed development is about 150 feet south of New Jersey's intersection with San Miguel.

Barwick's Plea Gains Permit For Local Church

SAN DIEGO (CNA) — The Lemon Grove Congregation of Jehovah's Witnesses was granted a special use permit for a proposed church seating 180 persons in La Presa on Friday.

The county planning commission did not accept the staff recommendation for denial for the 1.3 acres on the south side of Jamacha blvd., between Pecos and San Juan streets.

The staff said the site was too small, but Kenneth Barwick, of Lemon Grove, attorney for the church said the congregation would also be small.

The commission was going to set a condition that the church widen the local interest portion of Jamacha by 20 feet and install curbs and sidewalks.

However, after further pleadings, the commission agreed to accept a bond for this improvement over the next two years.

Learn Spanish the Easy Way

Hardison's Telespanish

By JAMES HARDISON

Would you please explain some of the words in Spanish that relate to "oir?" Also, clarify the difference between "oido" and "oreja." Is it true that both of these words mean "ear?"

"Oir" means "to hear." Phonetically it is pronounced "o-EEHR." We may say "Me gusta oir la musica." (I like to hear the music.) or "No es unplacer oir ruido." for "It is not a pleasure to hear noise."

"Oye" is taken from "oir" and means "you hear." It is pronounced "oh-yeh." We may use this word to express "Que oye?" for "What do you hear?" We may also say "Oye usted el sonido?" for "Do you hear the sound?"

"Oimos" is pronounced "oh-EE-mohs." It means "we hear." An expression using this form may be seen in "Oimos la sinfonia." for "We hear the symphony." Another way to use this word is seen in the expression "Oimos los aviones." for "We hear the airplanes."

"Oido" is a noun form meaning "ear." It actually refers to the "inner ear" and might be used to express "Me duele el oido." (My ear hurts me.) or "El oido es un organo de los sentidos." for "The ear is a sense organ."

"Oreja" also means "ear" but relates to the "outer ear." We may see how this is used in the phrase "La arete me aprieta la la oreja." for "The earring is too tight for my ear." or "El burro tiene orejas largas." for "The donkey has long ears."

Anidiomatic expression like "Soy todo oidos." which means "I'm all ears." also implies the meaning "I am listening." or "I hear."

You may wish to expand your awareness of words related to "oir" by learning to say the following practice phrases. Additional help is available to you for pronouncing them when you dial 276-2762 on your telephone where a recorded voice will lead you in each word and phrase.

IMPORTANT PHRASES:

Say "Oye los sonidos?" (OH-yeh lohs soh-NEE-thohs)
for "Do you hear the sounds?"

Say "Oimos la sinfonia." (oh-EE-mohs lah seen-foh-NEE-ah)
for "We hear the symphony."

USEFUL PHRASES:

Say "Le duela el oido?" (leh doo-EH-leh ehl oh-EE-thoh)
for "Does your ear hurt?"

Lt. Bill Perry Organizes Class For Chaplains

Lt. William Perry, of 1975 Calle Entre, Lemon Grove, who is also known as the Navy's "singing chaplain", is in the news again this week, after he organized a guitar class for Navy chaplains at the Eleventh Naval District.

Chaplain Perry, who introduced religious folk music to services for Navymen last year, recognized the need for chaplains to learn the new music.

Perry, who's congregations of 5-10 men grew rapidly to 50-70 when he introduced music to his services, was a guitarist, and banjo player before entering the service.

His idea for music in the services caught on quite quickly with other Navy chaplains, but they found it difficult to start the program without the guitar playing background that the local man had.

So, with the help of Lt. Wayne Buck and professional composer and guitarist David Yantis, a course for chaplains who wished to learn guitar was started in the Eleventh Naval District, taught by Yantis.

Last week, 22 chaplains from the district were graduated from the two-month course, and will begin organizing their services soon.

IRS TAX ANSWERS?

F. S. Schwidt, DISTRICT DIRECTOR, INTERNAL REVENUE SERVICE

This column of questions and answers on federal tax matters is provided by the local office of the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q) I operated my own business last year, but didn't make much money from it. How much income can I earn before I have to file a tax return?

A) If you have net earnings from self-employment of $400 or more, you must file a federal income tax return and you may have to pay a self-employment tax.

The Tax Reform Act of 1969 liberalized the filing requirements for single wage earners and in some cases for married wage earners by increasing the amount of income required before a return need be filed. However, even if a return would not have been required based on his total income, a taxpayer still must file if his self-employment income was $400 or more.

See the instructions for Form 1040 and Schedule C (Form 1040) for more details.

Q) Each year I hear of cases where refunds are delayed because taxpayers make errors on their returns. What are some checks I can make to avoid an error and get my refund faster?

A) To insure the prompt processing of your return, you should check the following before sending your return: (1) Recheck all your mathematical computations; (2) Be sure you used the correct tax table or tax rate schedule and added the surcharge to your regular tax; (3) Be sure you used the peel-off label that came on the cover of your tax package (If you don't have the label, write name, address, and Social Security number in the spaces at the top of the front of Form 1040); (4) Be sure that your return is signed and dated; point returns must have the signatures of husband and wife; (5) Be certain all W-2's and supporting documents are attached.

Q) A few months ago a ring that cost little but had great sentimental value to me was stolen from my home. Since the ring meant so much to me, can I take into account its sentimetal value in claiming a theft loss?

A) No, the law does not recognize sentimental value as a factor in determining the amount of the loss. Your loss from the theft of the ring or other personal property is its cost, or fair market value, whichever is less. The loss is reduced by any insurance or other recovery and that part of the remainder that exceeds $100 is deductible if you itemize.

Q) My wife and I were divorced this past October. Can I still file a joint return since we were legally married most of the year?

A) No, if you are divorced by a final decree on or before the last day of your tax year, you are considered single for the entire year unless you remarry.

ABC Program

Spring Valley Painter Aids Mexican Hospitals

He's called Joe by the men who know him in the San Diego Navy Public Works Center Paint Shop. He owns a rough-hewn voice and a burly build but underneath his white safety hard hat beats a "bleeding heart."

He is Joseph DeCrescente of 10405 Fairhill dr., Spring Valley and former operator of Poppa Deaks Restaurant. He is employed as a painter with the PWC Maintenance Department.

DeCrescente came to work for the Center about six months ago. He brought a wealth of professional talents with him but he also brought another ingredient that's infected all of his co-workers — a driving need to help others.

In past months he has demonstrated this side of his nature in helping orphans and others in Mexico. He has now announced future plans for extending his help to an Indian tribe ranging from Arizona and across the border into Mexico.

Vouching for his salesmanship he has all the men in the paint shop helping him in his efforts. Men from the paint shop and two Naval Station Navymen made a Feb. 20 trip to Mexico with Joe. The two day trip ended and the men left behind a freshly painted hospital and dental clinic with a newly installed chair near Tijuana.

"I first got involved in the Aid to Baja California Program about two years ago. I was a paint contractor in Spring Valley at the time and heard about an orphanage in Mexico which needed painting. I volunteered and since that time have been doing more and more work there. In the past six months I've helped and been assisted in painting a clinic, church, small hospital, installation of dental and hospital equipment and other areas," De Crescente said.

According to De Crescente the ABC Program is a bit different from some organizations. "No one gets paid for the work he does and it means money out of each individual's pocket for expenses involving items such as food and lodging," he explained.

"We are in dire need of electrically operated compressors which will develop 60 pounds of air and storage tanks with a 30 gallon capacity. We have entire units such as drills, chairs, X-ray machines, etc., but we lack these other items to make the units totally complete," De Crescente commented.

For an explanation of how extensive this PWC effort has become Joe said he bought a van six weeks ago which registered 45,000 miles. It now shows 57,000 miles.

Joe has just concluded a trip to Arizona and a visit with members of the Cocopah Indian tribe. He called his trip a survey to determine just what kind of help is needed by these people.

"Food and clothing delivered to these people does not solve their problem. There's a need to create a minimum of 1200 jobs in farming-type ventures, light industry and other areas. The suicide rate is high among these Indian teenagers, infant mortality rate is high and a minor illness becomes a chronic condition. There's a lack of money, care, housing and other things. They are out in the desert with no water. The children get what can best be described as a seventh grade education at most. They are a forgotten people," he said.

Girls To Make Easter Baskets

The Girls League at Grossmont Continuation High School is collecting Easter candy and eggs to make baskets for the children at Angel's Unaware Center.

MARCH BRIDE — Miss Lisa Ann Elizabeth Miller, daughter of Mr. and Mrs. Kenneth Miller, of Pacific Beach, became the bride of Tom McClure, son of Mr. and Mrs. Jim McClure, of 2619 Citronella, Lemon Grove, last night at Los Novios Chapel of the Sweethearts.
The bride is a graduate of Parker Junior high, and will graduate from high school in June. The bridegroom is a graduate of Mount Miguel High School, and is currently working at Midway Welding, in Pacific Beach.
The couple reside in the Kensington area following a brief honeymoon to Catalina.

Peanut Sale Lunch Held Last Friday

The Golden Pine award is given to groups that sell over 1,000 cans of peanuts or average 100 cans per girl.

Honored from this area were Mrs. Donald Gunn, who is District Peanut Sale chairman from the Heartland District, Mrs. Jarvis Reams, leader of the local Horizon Club group, and 8 other leaders.

The top three blue bird groups in the Heartland district were those led by Mrs. Akos Ringler, Mrs. Kenneth Shier, and Mrs. Stephen Hernandez. Top three camp fire groups in the Heartland District were those led by Mrs. Kenneth Fowler, Mrs. Terry Godshalk, and Mrs. Joseph Lukacik.

Winners of the Golden Pine award from the Heartland District were groups led by Mrs. Howard Bell, Mrs. Kenneth Fowler, Mrs. Joseph Lukacik, Mrs. Jack Dyer, Mrs. Terry Godshalk, and Mrs. Jarvis Reams.

The auto industry predicts it will make and sell nearly 50 million new cars and trucks in the 1970s.

Grant, principal of the school, said, "We may not be able to solve all of the problems but we will at least identify and recognize the problems facing all of us. We'd like to clarify some of these issues for parents, with a special invitation to those who will have incoming ninth graders in the fall".

The meeting is sponsored by the Mount Miguel High School PTA.

'Delightful' Cinderella Opens

By John Nicholson

Take a long-haired Prince Charming, a soft spoken Town Crier, add a Court Jester who laughs at his own lines and mix well with an unbelievable Cinderella and you have a delightful version of the children's tale which is currently playing at Actor's Quarter Children's Theater.

The production, which includes two Lemon Grove teenagers and two teens from Spring Valley, opened Saturday afternoon at 480 Elm st., San Diego.

The cast did a fair job of executing director Rick Liuz' unique staging of the well-known tale of the glass slipper and the midnight curfew. Ginger Cody handled the adoption of the fairy tale and did a neat job of fitting it to the somewhat limited stage at Actor's Quarter.

Jack the Jester, played by Mike Garcia, of Spring Valley, worked remarkably well with his lines and his own laughter and antics added to the success of his part. The addition of tired feet during the search for Cinderella brought delighted squeels of laughter from a packed house of children and adults.

The Town Crier, portrayed by Dave Lewis was a bit unexpected by those who awaited a plump crier with a booming voice. Indeed, the crier looked more like a miscast jester, but was successful.

Cinderella seemed to be much too good-natured in taking abuse from her evil stepsisters and stepmother, and could have looked a little more depressed during the early part of the production.

Rounding out the cast were the evil stepsisters and stepmother who didn't look evil enough and a plump little fairy godmother who played a convincing role.

The overall production could have been improved with better use of Jeri Kish's dancers, who played the crew for the fairy godmother.

Foundation To Head Campaign For Local Historical Collection

The Grossmont College Development Foundation at its regular quarterly meeting held March 17, in the college's board room agreed to spearhead a campaign to develop a Heartland area Heritage and Historical Collection to be housed on the college campus.

According to Dr. Samuel S. Sloan, Foundation President, the collection would include histories of early pioneer families, historical documents and posters, medals, trophies and flags of historical significance, as well as primitive machinery and tools unique to the Heartland area.

Collections of maps used during the area's initial development and histories of early business enterprises, service clubs, churches and communities in the area will also be gathered and preserved in the collection for future generations.

Dr. Sloan, heading a committee composed of development foundation members, Grossmont College faculty members and citizens of the community, will explore various historical projects, as well as make appeals to the public for donations to the proposed historical collection.

In commenting on the proposal, Dr. Sloan said, "It is anticipated that such a collection would develop into something unique among Community Colleges and be most useful to scholars and historians. Many young people seem cut off from their heritage, seemingly not knowing where they came from, where they are going or how they are related with the rest of the community.

"Helping them develop a relevant link with their heritage and the past through an historical collection could provide a stabilizing influence in their development as citizens. Anyone desiring to donate historical material for the collection is urged to contact the College's Information Office."

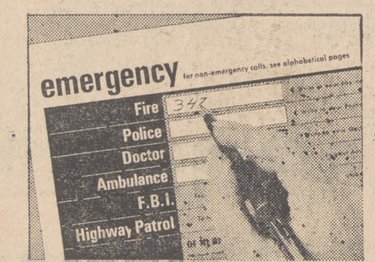
THE PHONE BOOTH

Here's a reminder of what to do if you ever receive a malicious or obscene phone call: simply hang up. Most anonymous callers will be discouraged if they can't find an audience. (In addition, never give your phone number to an unknown caller.) If such calls continue, however, please notify our Business Office. We have employees trained to handle these problems, and many of these callers have been identified. We're working closely with law enforcement agencies to convict violators, which can result in fines and imprisonment. We want to do all we can to help protect your privacy.



Do you have the phone numbers of your doctor, the police and the fire department written inside the front cover of your phone book? If you haven't already put them there, why not take time right now to do it. Then you'll know right where to look if you need them in a hurry. In an emergency, dialing the number direct could save moments that really count.

It's income tax time again, and if you need help, the Internal Revenue Service can answer most questions by phone. The number of your nearest office is in the white pages of your phone book under "United States Government, Internal Revenue Service."

Gabaldon Vaults 14-4, Breaks Relays Record

RECORD BREAKERS — Max Gabaldon, of the Monte Vista High School track team, takes off on his record-breaking pole vault of 14-4 at the National City JC Relays held last Saturday at Sweetwater High School. Gabaldon, who was the only athlete at the competition to break a record, also runs the 180-yard low hurdles for the local team.

Monte Vistan Track Star At JC Meet

Max Galbalden, who weighs a mere 125 lbs., was a really big man at Sweetwater High School last Saturday, as he bettered the meet record in the pole vault at the annual National City JC Relays, soaring 14-4, a half an inch over the old record.

Gabaldon, who stands 5-8 and also helps the Monte Vista Monarchs in the 180-yard low hurdles, helped the local team to third place in the intermediate division with 50 points. Morse took first place with 20 points, while Clairemont was second with 55. San Diego was fourth with 49 tallies.

Gabaldon's mark was better than the 14-3½ set in 1965 by Mike Lemmons, of Mar Vista. Max made one attempt at 14-6, but missed, and called it a day. He said that he was too tired to make the higher mark.

Also helping the Monte Vista cause was Mark Romano, who took second in the 100-yard dash with a clocking of 9.9, Les Frank, who tossed the discus 150-11 to win that event, and Jack Cross, who took second in the discus.

Crosstown rival Mount Miguel had a pretty fair day at the relays also, as the Matadors nailed down second place in the large school division with 62 points. Patrick Henry won the large school competition with 79 points.

Leading the way for Mount Miguel was Bob Morrison, who broke 4:30 in the mile for the second time in three days, with a 4:28.2.

Morrison, who ran 4:29.1 at Grossmont High School last Thursday, was hampered a bit by the wind at Sweetwater. He is expected to hit the 4:20 mark before the season is out, and could dip as low as 4:15.

Also instrumental in Mount Miguel's efforts were Mike King, who took a second and a third, Milton Johnson, who took a third place ribbon, and all six Mount Miguel relay teams.

King nailed down second place in the shot put and third place in the discus, while Johnson took third in the 100-yard dash.

Relay teams from the local school brought in three second place ribbons, a third, a fourth, and a fifth, to add to the point total.

HEADING FOR SHOW — Pretty Mary Ellen Madsen heads for 4th annual San Diego Sports, Vacation & Recreational Vehicle Show, coming May 5-9 at the International Sports Arena, on a unique "off road" threewheeled motorcycle. Sportsman's show, the largest of its kind ever staged in San Diego County, will include some 350 new recreational vehicles such as motor homes, cycles, travel trailers, 4-wheel drives, all-terrain vehicles, tent trailers and pick-up campers.

Recreation Vehicle Show Planned For Sports Arena

Spring is just around the corner, and with it comes the 4th annual San Diego Sports, Vacation & Recreational Vehicle Show, slated for May 5-9 at the International Sports Arena.

The entire Sports Arena and 100,000 sq. ft. of outside exhibit space will be utilized for this year's show, which will be sponsored by the Recreation Vehicle Assn. and produced by Edward Greenband Enterprises of Phoenix.

According to producer Greenband, some 350 motor homes, travel trailers, 4-wheel drives, all terrain vehicles, tent trailers, campers, cycles and other recreational vehicles will be displayed. Value of the exhibits alone is placed in excess of $1.5 million.

Also included in the show — largest of its type ever staged in San Diego County — will be resort and vacation planning exhibits, hunting, camping and fishing gear, a free sports and travel movie theatre, a trout fishing pond for the kids, archery range and other special features yet to be announced.

Highlighting the annual sportsman's exposition will be a large stage and water show with five internationally acclaimed acts, including Henri LaMothe, the only man in the world to dive 40 ft. into 17 in. of water, and Danny Sailor, world champion tree climber.

"The 1971 show will contain no boats as in past years," says Greenband. "The recreational vehicle market is growing at such a fantastic rate, and public interest in these vehicles is so great, we feel this segment of the leisure industry deserves a show of its own."

The San Diego Sports, Vacation & Recreational Vehicle Show will be open from 6 p.m. to 10:30 p.m. May 5, 6 and 7; from noon to 10:30 p.m. May 8; and from noon to 8 p.m. May 9.

Regular admission is $1.50 for adults, 50 cents for juniors from 7 to 12 years old and free for children under 7.

Matador Title Hopes Swell As Monarchs Draw With Vaqueros

The Mount Miguel High School track team got a big boost last week in its quest of the Grossmont League dual meet title when preseason favorite Monte Vista was dealt a severe blow against El Capitan, losing the inside track to the title with a 68-68 tie.

Mount Miguel, meanwhile, walked over a weak Grossmont team, 82-54. The meet was fairly close up until the running of the 180-yard low hurdles, where a Mount Miguel sweep put the winners out of sight.

Grossmont could manage only four first places and won the 440-yard relay, while the Matadors nailed down the top spots in 10 events and won the mile relay.

Top performances from Mt. Miguel included Bob Morrison's 4:29.1 mile, Milton Johnson's 21.3 clocking in the 180-yard low hurdles, and John Slater's 5-10 high jump.

Grossmont's Mike Manzer was the meet's only double winner, and a big factor in keeping the score from ballooning out of porportion. He clock 10.3 in the 100-yard dash and 23.6 in the 220, and helped the 440-yard relay team win.

At Monte Vista, the usually strong Monarch distance crew failed to collect a first place in either the mile or the two-mile, enabling El Capitan to sneak away from the meet with a 68-68 tie.

In the sprint events, El Capitan's Bill Fudge kept the Lakesiders in the meet, nailing down a win in the 220-yard dash in 22.5, inches ahead of Monte Vista's Mark Romano, who had earlier won the 100-yard dash in 9.9.

In the 440, Gary Close, of Monte Vista, turned in an excellent time of 53.3 to edge El Cap's Larry Bundy and give the Monarchs the edge, but Bundy made off with the 880 to even things up.

In the distance races, Dave Parker, of El Cap, and teammate Bob Bynon took the mile and two-mile, spelling disaster for the Monte Vista team.

El Capitan had the meet well in hand, and still took a five point lead into the last event — the mile relay, but the local team came up with an unbeatable combination which included Rick Weathers and Gary Close, to win the event and help Monte Vista to the sister kisser.

Padres Are Rod Gaspar's 'Brass Ring'

It is the unblemished belief of Rodney Earl Gaspar that a person is awarded one brass ring during a normal lifetime. The trick is to make connection when it comes by.

"When the Padres acquired me from the Mets, I figured that was the break I needed," Gasper said. "Now all I have to do is to make the most of my opportunity."

A native Californian with a cool, mature approach to his world of 24 years, Gaspar is one young man who assumes complete responsibility for his future.

"If I'm ever going to amount to anything in baseball, I had better start right now," he said. "And if I don't, it's going to be completely my fault,"

The beneficiary of a startling string of good fortune, Gaspar discovered himself deposited in New York in that amazing year of 1969. With the winning of the pennant, followed by victories in the championship playoffs and world series, the Mets achieved celestial heights previously reserved only for fiction.

Today, Gaspar reflects on the blessing of two years ago with calm appraisal.

"For me as a player it was just one of those things that don't really figure," he said. "I mean, look at all the years a fellow like Ernie Banks has been in baseball and he's never been in a world series. In my first year in the majors, I made it."

But less than six months later, Gaspar was back in minors. He readily admits that his uncoupling from the varsity was not completely unexpected.

"Last year I showed up at spring training not in very good shape," he said. "And I didn't get to play much."

"When they told me I was going to Tidewater, Va., I felt like crying," Gaspar recalled. "But now I'm glad that it happened. If it hadn't, I might not be here today."

A switch-hitter with excellent speed and an appealing defensive record, Gaspar's potential value to the Padres is enormous. Now married and a parent, he views the immediate future as crucial to his baseball career.

"I know I belong in the majors and San Diego is where I want to play," he said. "I now have everything going for me. It's the opportunity of my life."

Mt. Miguel Swimmers, Netters, Baseballers Have Good Weeks

By Walt Ekard

It's still early, but Mt. Miguel High School's spring sport teams have been faring well of late, and a couple of teams have their eyes on league titles.

Swimming had traditionally been a strong spot of Mount Miguel sports and this year should prove to be no exception.

After the Monte Vista sharks took the bite out of Miguel in the first league match of the year, the tattered Matadors cruised to a 62-36 victory over El Capitan at Gunther Pool.

The Matador fish jumped out to an early lead and were never headed as the evened their league record at one and one.

Dave Johnson, possibly the finest swimmer in the entire county swept two victories in his specialty, the backstroke. Johnson has yet to be defeated in that event.

The Matadors aiso received strong performances from captain Linc Szuch, freestyler Ike Bailey, and sophomore Dave Wilhite which all captured two wins each.

Divers Tony Wood and Gary Knedler failed to place in the competition but hope for a comeback tomorrow against Santana at Gunther Pool.

Freshman Steve Solomen also hopes to improve as the Matadors battle to win the league title from arch-rival Monte Vista.

After three consecutive victories, Mount Miguel's tennis team is turning into what Coach Dwight Teater had hoped, a strong contender for the Grossmont League Title.

The Matadors swept two straight victories to open the season, but then dropped their next match to defending C.I.F. champion, Crawford, 16½ to 11¾. "That's not bad considering they were C.I.F. champs last year," said Coach Teater.

From there, Miguel dropped another encounter with Coronado before destroying Madison, 20-12. Dick Trebbian led the way with four victories in four matches while doubles men Bob Prince and Dave Lozoya captured three wins.

Then came Chula Vista which Miguel easily disposed of 18½ to 9½. With Trebbian out of action, the doubles teams led the way with Prince and Dan Suarez winning four times as did Lozoya and Mike Donshevsky.

Against Patrick Henry last Friday, the Matadors played neck and neck but won the match as Prince and Suarez captured their last set. The doubles teams again led the way as the team eeked out a 14½ to 13¾ victory.

At times in this year's baseball season, Mount Miguel has lacked hitting, pitching, and defense. Times like last week's game with San Diego State in which they allowed eleven runs.

It appears, however, that the Matadors are finally putting it all together as they garnered their second straight victory over Hilltop's Lancers behind the four hit pitching of Bob Pannel last Wednesday.

Pannel, who defeated the Lancers 5-1 with a three hitter two weeks ago, sparkled again as his team belted fourteen hits and won 5-3.

The Lancers touched Pannel for two runs in the opening frame as Miguel's defense let him down. A single, a walk, and three errors provided Hilltop starter Rich Black with the two run cushion.

In their own half of the first, the Matadors loaded the bases with three consecutive walks to Tim Miller, Tom Young, and Sonny Taylor. However, with no one out, Black retired the side without allowing a run. The team again loaded the sacks on three straight singles but were turned back again in their bid to score.

After picking up a run in the third frame, the Matadors put together five consecutive hits and tallied twice to take a 3-2 lead. The Lancers countered with a run in their half of the fifth but Miguel scored in the fifth and sixth frames to notch the victory.

Bob Gallagher continued his torrid hitting for Miguel, going three for four, while Tom Young and Mike Bruner each added two hits to the 14-hit attack.

Although Pannel's pitching has been brilliant these past two games, the Matadors have room for concern as Mike Smith and Tom Urban, Miguel's two regular starters, are out. Pannel has picked up some of the slack as has John Velasquez.

Miguel will face Granite Hills tomorrow. It remains to be seen whether the Matadors can live up to pre-season predictions which envision a Grossmont League Championship.

Little League Plans Dance

Officials of the Spring Valley Little League announced last week that the league's annual "Get Acquainted Dance" will be held tomorrow evening at the Memory Lane Community Center, 9062 Memory ln., Spring Valley, at 9 p.m.

The dance is sponsored by the league's woman's auxiliary, and is free and open to the public. The dance will feature a local band. For further information, call 479-1553.

Earle Named CIF Player Of The Year

Gary Earle, whose skills away from the ball have been likened to Jerry West, and whose scoring average of 18.2 points a game led Monte Vista High to the county championship, was named CIF basketball player of the year by the Breitbard Athletic Foundation.

Earle, a smooth, rhythmic 6-foot, 3-inch guard who intends to enroll at San Diego State next fall, was the principal figure on a Monarch team that was one of the most successful high school groups in area history.

Monte Vista concluded the season 29-2, with victories in the Kiwanis Tournament, the Newport Harbor Optimist Tournament, the Grossmont League and the county playoffs.

Joining Earle on the first team are Mike Honz of Helix, Bob Tagye of Chula Vista, Mike Collier of Lincoln and Kevin Enright of Grossmont.

Two other local cagers, Alan Bunting and Bob Papciak, both teammates of Earle, were honored by selections to the second and third teams.

Bunting played center in the Monarch's twice-beaten crew, while Papciak sparked the team at guard with his fast-break play.

Ump to Call 'Em At Writers' Dinner

About the only time Tom Gorman hears a cheer is when he's calling them as he sees'em at banquets around the country.

A resounding success here in 1970, the National League baseball umpire today accepted an invitation to appear again at the San Diego Chapter, Baseball Writers' Association of America, dinner saluting the San Diego Padres.

The event will be held April 5 in the Convention Center, Town and Country Hotel, at 7:30 with an all-star cast of baseball entertainment, including featured speaker Casey Stengel, taking part in the program.

Also at the head table will be master of ceremonies Morris Frank, long a favorite with sports dinner crowds; retired American League umpire Ed Runge; former pitcher Carl Mays; the most valuable Padre of 1970, Clarence Gaston; the most inspirational player, Chris Cannizzaro, plus the remainder of the 1971 team.

Tickets are $20 each and may be purchased in any number, including tables of 10, by enclosing a check to P.O. Box 6461, San Diego, Ca., 92106,

Dance Party Set

"Spring Fling" is the theme of a dance party scheduled for Saturday night at Carlton Oakes Country Club, sponsored by the Los Lugarenos Dance Club.

A social hour will begin at the club at 8 p.m. with dancing to the music of Lyle Ticknor's Hi Fi's scheduled to begin at 9 a.m. Also at the party will be the installation of four member couple to the Board of Directors.

Students, Faculty Do Battle Aboard Donkeys

The Mount Miguel High School athletic department sponsored a student-faculty "donkey" basketball game last night in the school gym, featuring a game in which participants tried to shoot baskets while aboard the four-legged creatures.

The game's highlights included one period of play with a women's faculty team taking on some of the best girl riders in the school, and a girls' wrestling match at halftime.

The faculty, with a slight advantage, as several of the riders had experience in the annual game, had little trouble in the early part of the game with a team made up of the school's lettermen.

Ned (Deadeye) Blass, an old hat at playing the game, led the way for the faculty, along with Harold (Strangler) Stratton and (Leapin') Bill Leep, also experienced hands. Newcomers on the faculty side included administrator Bob (Gomer) Pyle, counselor (Timid) Larry Timmons, and JV basketball coach Bob (Sherlock) Holmes.

Riding — and often times not able to stay on their mounts — for the women's faculty team were English teacher Ann (Oakley) Von der Mehden, gymnastics instructor Sally (Big E) Kraska, and program clerk Pat (the Pistol) Owens.

Students getting in on the fun included Linc (Bubbles) Szuch, Tom (KO) Young, who hit with authority from the outside, Dale (Goalie) Siscon, and Tim (Longshot) Miller.

Lee (Stick it to 'em) Stewart was the announcer.

Candy Sale To Aid LG Little League

A pre-season candy sale to help meet equipment and playing field expenses will begin April 3 by the Lemon Grove Little League.

The league's 320 boys, ranging from 8-12 years old, will conduct a door-to-door sale until April 19.

Prizes for boys who sell the most candy are to be awarded at the Minor and Intermediate Divisions kickoff April 25, according to league president Wayne Bell. In addition, an event is planned for the team which sells the greatest amount.

First prize for most sales will be a television-AM-FM radio combination with second prize a television set, third prize a cassette tape recorder, fourth prizes to be warmup jackets and fifth prizes to be baseballs.

The candy sale is conducted through the league's women's auxiliary with Jo Ann Smith, president. Lorraine Castellanos is in charge of sales.

'Come Blow Your Horn' Opens At Actor's Quarter

By Lynn Jones

"Come Blow Your Horn" opened last Friday night at the Actor's Quarter, 480 Elm Street, San Diego.

This Neil Simon comedy was directed by Joe Moore and produced by Lowell Hoff. The play takes place in the New York City bachelor apartment of 33 year old Alan Baker. This play started out to be about two completely different brothers, personality wise. One is a happy bachelor who has his own apartment and the other brother, Buddy, is 21 years old, shy, and lives at home with his parents. Buddy finally decides to leave home and move in with his brother, which causes chaos between his parents.

Lynn Jones

Within a few days funny things start to happen, but in three weeks a complete change takes place which really adds a twist to the play. The play is full of excitement and laughter. A person never knew what was going to happen next.

The first act was full of funny lines and incidents which kept you laughing. The second act slowed down a little. The mother over did her part so that it got irritating and monotonous. The third act picks up and finishes great. On the whole, the play was very good. Some of the actors and actresses or the incidents may make you remember a familiar scene out of your own life.

The cast includes Tom Morton as Alan Baker; Kathy Lynn, Peggy Evans; Joe Lauderbaugh, Buddy Baker; Paul Treske, Mr. Baker; Vickie Young, Connie Dayton; Dixie Sacket, Mrs. Baker.

The set was by Mike Webb, and Dave Cody. Technicians were Mike Webb, Dave Cody, Cricket Cody, Paula Van Cline, Peter Lawler, Bill Delvac, Paul Baron, Chris Olson, Bob Morrison, and Keith Vallee.

Tickets sell for $2. The play can be seen on Fridays and Saturdays at 8:30 p.m. through Apirl 24. For more information call 234-9235.

"The Knack," a stage play by Ann Jellicoe, can be seen at the Cassius Carter Center Stage, Balboa Park, in Tuesdays, Wednesdays, Thursdays, and Sundays at 8 p.m., and at 8:30 p.m. on Fridays and Saturdays. The play closes after March 28. For more information call 239-2255.

"The Tavern," a Melodramatic "Turn-of-the-Century" play can be seen at the Cabaret Theatre, 1280 Fletcher Parkway, El Cajon, on Mondays through Saturdays at 8:30 p.m. The play will be playing through March 31. For reservations call 449-0474. The box office is open from 12 noon.

Week's Horoscope

This Is Your Life

By Trent Varro

ARIES - March 21 to April 20
Unless you are in top-notch physical condition, you may tire yourself out completely by trying to do too much this coming week. Get plenty of rest, and if you don't feel well see your doctor.

TAURUS - April 21 to May 20
You will have to take the good with the bad this week. But the situations will probably balance themselves out. So take it easy and do the chores.

GEMINI - May 21 to June 20
A very "lucky break" could come your way during this period. Don't expect miracles, but you can be sure if there is any luck around at all, you'll gain in one way or another.

CANCER - June 21 to July 21
Anger and temperament could boil up this next week and cause a lot of confusion, but it shouldn't mean much as you'll get over it quickly. Don't push too hard!

LEO - July 22 to August 21
A surprise in matters pertaining to the family is due. This is an excellent time for social pastimes. News from distant places may come, bringing many surprises. Play it cool!

VIRGO - August 22 to Sept. 21
Things are getting better every week for Virgo, but it's not exactly the best time in the world to make any drastic changes. Bide your time, and make decisions carefully.

LIBRA - Sept. 22 to October 22
A most lucky break could pull you out of a very awkward situation. Unless you have the endurance of an ox, you are liable to become run-down. Take things easy, and don't worry too much.

SCORPIO - Oct. 23 to Nov. 21
Everything is pretty well normal for Scorpio right now, except for the fact that your love life may seem to be a little mixed-up. This is not serious, and it will pass quickly.

SAGITTARIUS Nov. 22 Dec. 20.
You may find yourself "bored stiff" this coming week. Try to remain active, and concentrate on your future security. Much can be done around the home.

CAPRICORN - Dec. 21 - Jan. 19
In the general horoscope for Capricorn next week, holding your temper, will be most important, if you are to achieve the things you really want. You may be tempted to "blow your top" DON'T!

AQUARIUS - Jan. 20 - Feb. 18
Anyone who attempts to harm you, either mentally or physically, will get the surprise of their life later on. This does not mean that you can be aggressive, but you're lucky!

PISCES - Feb. 19 to Mar. 20
Everything should be getting smoother in your life now. If you are bothered by some illness, now is an excellent time to see your family doctor and take his advice. Even hospitalization is under good-aspects.

Second Place Gull's Goal

The San Diego Gulls and Phoenix Roadrunners, locked in a thrilling struggle for second place in the Western Hockey League standings, meet head-on at the Sports Arena tomorrow night in the start of a three-game weekend for the Gulls.

Following tomorrow night's important confrontation, the Gulls travel to Seattle for a pair of games, Saturday and Sunday evenings, against the Totems, who are in a battle with Denver for the fourth and final WHL playoff spot. Tomorrow's game is a vital one in the plans of both the Gulls and Phoenix. The Gulls started the week with a four-point lead over the Roadrunners, who had played one less game than the Gulls.

Phoenix played in Denver on Tuesday night, and hosts the Seattle Totems tonight. The Gulls played host to Seattle last night.

Going into tomorrow night's game, the Gulls and Roadrunners are all even in their seasonal series at 6-6-2. They will wrap up their 16-game series in Phoenix on Saturday night, April 3.

The Gulls carried a 6-3-2 seasonal edge over Seattle into this week's action. The Totems came into this week's activity two points behind the Denver Spurs in the struggle for fourth place.

After this weekend's busy schedule, the Gulls wrap up the regular season next week with a Friday night game against the Denver Spurs at the Sports Arena, and a Saturday night trip to Phoenix. The starting time of that season final in Phoenix has been changed to 6 p.m., San Diego time.

In last week's activity, the Gulls won their only game, beating Salt Lake, 8-1, at the Sports Arena on Saturday night before a USO Night crowd of 10,386. Meanwhile, Phoenix won three straight games last week to close to within four points of second place.

The single win last week clinched a playoff berth for the Gulls for the fourth straight season. San Diego can finish no worse than third in the WHL this season by virtue of the two points they gained on Saturday night.

'Fiddler' Finale Starts Monday

"Fiddler on the Roof", now on its farewell tour following a four-weeks run in Los Angeles, will play the Civic Theatre for a week starting Monday.

Bob Carroll, who will play Trevye, the impoverished dairyman, heads the National Company cast of 35 singers and dancers. Fritzi Burr plays his wife, Golde, and Lila Teigh is featured as Yente, the matchmaker. Tevye's three charming and eligible daughters are played by Chris Andreas, Helena Grenot and Adele Paige.

It is the musical's fourth visit to San Diego. The National Company, then starring Luther Adler, gave its first performance anywhere at the Civic Theatre on April 11, 1966.

Currently in its seventh year on Broadway, "Fiddler" is breathing down the neck of "My Fair Lady," the second longest running musical of all time and will surpass the all-time champ, "Hello, Dolly," on July 21.

The Harold Prince production was directed and conceived by Jerome Robbins. The book by Joseph Stein was adapted from the tales of Sholom Aleichem and the score by Sheldon Harnick and Jerry Bock contains such standards as "Sunrise, Sunset," "If I Were a Rich Man," "Matchmaker, Matchmaker" and the Fiddler's theme, "Tradition."

Tickets are on sale at the Civic Theatre box office.

Mrs. Cadwell took fourth place by ousting Linda Seau of Vandenberg AFB. Competition was held at the Sons of Stanislaus Club, in Modesto.
Mrs. Weed will now travel to the National Tournament at Salt Lake City in April, and will probably be seeded in the top five.

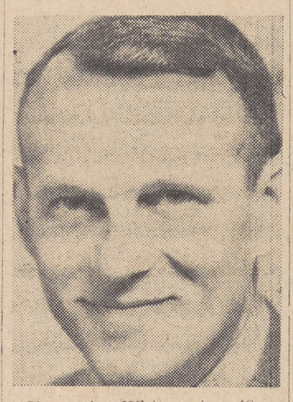
School Board Candidates' Qualifications Reported

This newspaper presents this column of school board candidates and their qualifications to our readers so that they can better decide which candidates have the most to offer as governing board members. All copy is edited to meet the standards set by this paper.

Whitcomb



Kenneth Whitcomb, 40, a dentist, is a candidate for the Grossmont Union High School District Board of Trustees.

Whitcomb, who is a 1949 graduate of Grossmont High School, holds a BA and an MA in secondary education from San Diego State College, and a DDS from Loma Linda University Dental School.

He is a former pilot with the Air Force, and taught high school in the Grossmont District for two years. He is active as a board member of the Home of Guiding Hands, the the San Diego County Dental Society, and is the leader of a La Mesa cub scout pack.

If elected, he said, special considerations would include striving to maintain a high quality education program and apply new methods when feasible, continuing to seek funding methods within the realistic capabilities of the taxpayers, and seeking answers to combat problems of youth through education and rehabilitation.

Miller

Edward C. Miller, 35, of 10875 Explorer rd., La Mesa, is a candidate for the Grossmont Union High School District Board.

Miller, an institutional securities broker, is married and has four youngsters. He holds a BS degree in business administration from San Diego State College, and served with the Army for two years.

He is a member of the board of directors of the San Diego Stock and Bond Club and as an alumnae member of Kappa Sigma Fraternity.

Miller said that the major problems facing the district are concerned with money and that the district needs someone with his experience in business and finance.

He added that another problem facing the district is that of drug abuse. He said that he would strike to increase the educational program on the hazards of drugs and continue to enforce the current board's policies for drug abusers.

Duane Norton

Duane G. Norton, 39, of Pioneer way, Rt. 1, Box 2M, Jamul, is a candidate for the Jamul-Las Flores School Board and the Grossmont Union High School District Board.

Norton, a resident of the county for 22 years, is the father of three children and is a licensed foster father of two others. He served in the U. S. Navy four years, and has followed with a career in law enforcement and is currently a fireman with the City of San Diego.

He has worked with Indian Guides and Boy Scouts, and is currently stewardship chairman of his church council, and an active member of the Jamul-Las Flores PTA.

Norton said that the Jamul-Las Flores District is now in a period of rapid growth and that he wishes to insure its orderly development by working to provide the best use of funds and buildings, continue strengthening staffs, and working for careful planning.

He added that although his name will appear on the ballot for the high school district, he is not actively seeking the post. He said that at the time he filed it appeared there might not have been enough qualified candidates, but is now satisfied that there are.

The U. S. Postmaster General receives a yearly salary of $60,000.

Unification Study Meeting Planned

Unification plans for school districts in the area served by Grossmont Union High School will be examined in a meeting to be held next week. Representatives will attend from the high school and the nine elementary school districts, which have a combined enrollment of 61,000 students this year.

Also in attendance will be members of the San Diego County Planning Department who will present an analysis of suggested unification proposals as these will be affected by existing topography, anticipated subdivision and highway construction, and an estimated 50 percent increase in enrollment over the next ten years.

The study meeting is preliminary to later official meetings which must precede an election that will take place in June 1972. Alternate plans for unification within the area will be developed for consideration by the voters. The San Diego County Board of Education in its role as the County Committee on School District Organization will then take steps to select the plan to be voted on.

Time and place of the study meeting is Tuesday at 7:30 p.m. in the Cajon Valley Junior High School, 395 Ballantyne st., El Cajon. School districts involved are Grossmont Union High and the following elementary school districts: Alpine Union, Cajon Valley Union, Dehesa, Dulzura, Jamul-Las Flores Union, Lakeside Union, La Mesa-Spring Valley, Lemon Grove, and Santee.

The public is invited to attend.

On March 19 at 12:21 p.m., firemen responded to a false alarm, turned in by a child.

March 21 at 3:20 p.m., firemen responded to a call from the Sheriff's Department. Going to 6750 Federal blvd., firemen discovered leaking fuel from a fitting in a freight liner.

Mt. Miguel Play Opens March 30

"You Can't Take It With You", a comedy in three acts by Moss Hart and George Kaufman, will open Tuesday night at the Mount Miguel High School cafetorium at 8 p.m.

The play, which is produced by the Mount Miguel drama department, will run through April 3, with the exception of April 2. The school's annual Fiesta will take place April 2, so the drama department was unable to use the cafetorium.

The cast includes Rex Kennedy and Dan Cody, who are double cast as the male lead, and Kathy Simmons and Betty Rudeen double cast as the female lead.

Rita Ciotti, Wade Barnett, Dave White, Scott Richards, and Jan Crockett, will play supporting roles in the production.

The play, staged in the 1930's is about the Vanderhoff family, who are an eccentric group, constantly in trouble with the police, the upper classes, and the government.

Admission is $1 for adults and 50 cents for students, with tickets available at the door. Curtain time is 8 p.m. each night.

proved bid specifications for custodial, curriculum, art, and general school supplies for the 1971-72 school year, and approved the summer school program, appointing principals, so that planning for the program may begin.

Named as elementary school principal for the program was Harold Ball, who is principal at San Altos School during the regular year. Named to head the junior high program was James Justeson, newly named Project Coordinator and Administrative Assistant.

The board also approved a practice teaching agreement with San Diego State College and heard a report on the Winton Act regarding rules and regulations for the district in routine matters.

state institution at Chino for 90 days of studies. Psychiatrists who have studied him differ widely from a report of extreme intelligence to one of not knowning the meaning of his acts.

In another case, Judge Gallagher put a Spring Valley youth on three years' probation, with the first six months ordered spent in an honor camp.

Roger Wayne Webb, 18, of 9731 St. George st., has been in county jail since his arrest Jan. 12.

The youth pleaded guilty Feb. 26 to second degree burglary. On the night of Jan. 2, he broke into a home and stole about $600 in cash, jewelry and other articles. He was arrested through offering some of the items for sale.

Webb said he stole to get money to buy things for a girl friend. He also admitted breaking into other residences in the Spring Valley area.

In putting the youth on probation, Judge Gallagher ordered him to get a full-time job or a full time study course at school after his release from the honor camp.

American Legion Honors Judges

Fighting Bob Evans Post 364, American Legion, Monday, honored members of the bench who distinguished themselves in the service of their country, but some old-timers got quite a hand, too.

Given framed certificates by the Post were Judges William Graham, Eli Levenson, Edgar B. Hervey, Arthur Mundo, Franklin Orefield, James Focthacker, H. B. Turrentine, and Richard L. Vaughn. Judges Charles Snell, Earl Cantus, Lee Nielson and George Crawford were absent because of professional commitments.

Master of ceremonies was Robert "Bud" James, who conducted the proceedings with his usual aplomb.

Some of the "old-timers" drew considerable attention, too. Former Supervisors Frank Gibson and former Sheriff Bert Strand attracted well-wishers. Former chief calendar clerk Al Fern and retired Superior Court Judges Clarence Harden, and Arthur L. Mundo got warm greetings. James B. Abbey, retired district attorney (if anyone recalls a d.a. before the days of Don Keller) was likewise greeted. Abbey, it was recalled, cleared the way for getting the Matoon Act off the law books. But not until the Act had bankrupted many property owners.

It was the first time that an expression of appreciation of this kind had ever been presented, according to Bud James. He said that it was a step in the show of gratitude and respect to the causes of law and order.

'Max' Steals Show At Sea World

Sea Lion Tops List Of Three New Attractions

Three new attractions bid fair to attract another record-breaking attendance year to San Diego's Sea World.

These were unvailed last week at a preview at the Mission Bay aquatic attraction.

Of scientific interest is the display of a gray whale calf weighing 4,000 pounds and measuring 18' 9" in length. It is the only gray whale in captivity and officials at Sea World said it was less than four months old.

The baby whale while not a programmed attraction, is on display at all times. The huge animal was caught earlier this month in Scammon Lagoon, 325 miles south of San Diego.

Another attraction, into which went months of work is the new Star-Kist Underwater show featuring "Max", a sea lion comedian and the lovely Sea Maids, underwater swimmers and actresses.

Another favorite, in new garb, is the Sparklettes show with water as the star — 12,000 gallons of it.

The latter two attractions were produced by Larry Sands, Larry Storch, Sebastian Cabot and other well-known performers narrated the underwater show which featured Sparkle and Spunky, Bottlenosed porpoises in addition to Max and the Sea Maids.

The Sparklettes show utilizes lights and water separately and in unison presented by computer, to transport viewers into the world of fantasy, and finally to several nations around the world.

Nelson Riddle provided the musical background. Both Riddle and Storch were in attendance at the preview.

All attractions except rides, in Sea World are free. And admission charge covers the cost of attractions. M.G.

WOE IS MISS MUFFET, the one who sat on her tuffet in Sea World's new underwater production where she had her fish stolen away. The mischievious thief is Max the Sea Lion who steals the show along with the fish.
